1) Convert the following mixed number $4^1/_8$ into an improper fraction.

Answer: _____

2) Convert the following mixed number $1^{10}/_5$ into an improper fraction.

Answer: _____

3) Convert the following mixed number $4^9/_6$ into an improper fraction.

Answer: _____

4) Convert the following mixed number $2^3/_2$ into an improper fraction.

Answer: _____

5) Convert the following mixed number $5^1/_{10}$ into an improper fraction.

Answer: _____

6) Convert the following mixed number $3^9/_2$ into an improper fraction.

Answer: _____

7) Convert the following mixed number $6^9/_7$ into an improper fraction.

Answer: _____

8) Convert the following mixed number $6^9/_2$ into an improper fraction.

Answer: _____

9) Convert the following mixed number $6^1/_9$ into an improper fraction.

Answer: _____

10) Convert the following mixed number $6^2/_3$ into an improper fraction.

Answer: _____

11) Convert the following mixed number $4^7/_6$ into an improper fraction.

Answer: _____

12) Convert the following mixed number $5^8/_2$ into an improper fraction.

Answer: _____

13) Convert the following mixed number $5^{10}/_7$ into an improper fraction.

Answer: _____

14) Convert the following mixed number $3^1/_3$ into an improper fraction.

Answer: _____

15) Convert the following mixed number $1^3/_{10}$ into an improper fraction.

Answer: _____

Answers:

1) $^{33}/_8$

2) $^{3}/_1$

3) $^{11}/_2$

4) $^{7}/_2$

5) $^{51}/_{10}$

6) $^{15}/_2$

7) $^{51}/_7$

8) $^{21}/_2$

9) $^{55}/_9$

10) $^{20}/_3$

11) $^{31}/_6$

12) $^{9}/_1$

13) $^{45}/_7$

14) $^{10}/_3$

15) $^{13}/_{10}$

16) $^{10}/_9$

17) $^{56}/_9$

18) $^{33}/_{10}$

19) $^{7}/_1$

20) $^{13}/_2$
