

1) A number is chosen at random from 1 to 50. Find the probability of selecting odd number.

Answer:

2) A number is chosen at random from 1 to 50. Find the probability of selecting multiples of 15 and 12.

Answer:

3) A number is chosen at random from 1 to 50. Find the probability of selecting divisors of 15.

Answer:

4) A number is chosen at random from 1 to 50. Find the probability of selecting odd number.

Answer:

5) A number is chosen at random from 1 to 50. Find the probability of selecting divisors of 14.

Answer:

6) A number is chosen at random from 1 to 50. Find the probability of selecting multiples of 12.

Answer:

7) A number is chosen at random from 1 to 50. Find the probability of selecting even number.

Answer:

8) A number is chosen at random from 1 to 50. Find the probability of selecting prime number.

Answer:

9) A number is chosen at random from 1 to 50. Find the probability of selecting prime number.

Answer:

10) A number is chosen at random from 1 to 50. Find the probability of selecting multiples of 13 and 14.

Answer:

11) A number is chosen at random from 1 to 50. Find the probability of selecting prime number.

Answer:

12) A number is chosen at random from 1 to 50. Find the probability of selecting odd number.

Answer:

13) A number is chosen at random from 1 to 50. Find the probability of selecting odd number.

Answer:

14) A number is chosen at random from 1 to 50. Find the probability of selecting factors of 14.

Answer:

15) A number is chosen at random from 1 to 50. Find the probability of selecting even number.

Answer:

Name: _____

October 28, 2021

16) A number is chosen at random from 1 to 50. Find the probability of selecting multiples of 12 and 11.

Answer: _____

17) A number is chosen at random from 1 to 50. Find the probability of selecting number less than 15.

Answer: _____

18) A number is chosen at random from 1 to 50. Find the probability of selecting multiples of 13 and 15.

Answer: _____

19) A number is chosen at random from 1 to 50. Find the probability of selecting divisors of 12.

Answer: _____

20) A number is chosen at random from 1 to 50. Find the probability of selecting factors of 14 and 11.

Answer: _____

Total: ____ / 20

Name: _____

October 28, 2021
